Not illustrated. 1907 Excerpt: ...important in the history of the National Homeopathic Hospital, as it marks the completion, furnishing, and occupancy of the new hospital building for which Congress made provision two years ago by an appropriation of \$50,000. This appropriation was supplemented by another made last year of a fraction under \$20,000, which, together with about \$10,000 obtained from other sources, served to fully complete the building at a total cost approaching \$80,000. D c 1906--Vol 1 29 This building was originally intended and will, it is expected, be ultimately used as an administration building except the fourth floor, which is devoted to surgery, containing, as it does, two large fine up-to-date operating rooms and other accommodations and appliances requisite for a thoroughly equipped surgical department. This floor has been dedicated as a memorial to the late lamented Dr. F. A. Gardner. It is contemplated to erect wings both to the north and south of this building, and until this is done the second and third floors of the new building will be used for the accommodation of patients and have been furnished in the most appropriate and substantial manner for this purpose. The hospital is in excellent condition and prepared to do the best of work in all its departments. Respectfully submitted. Chas. Lyman, Acting President. Report Of The Treasurer. Public fund.
