

M. Stambuloff, (Public men of to-day)

Stambuloff is so intimately connected with the national life of Bulgaria, that a biography of that Statesman becomes almost a history of the birth and growth of the Principality. A full and complete history of Bulgaria is, however, beyond the scope of the present sketch, and I have endeavoured, as far as possible, to give special prominence to those periods in which M. Stambuloff played a leading part, filling in the remaining details sufficiently to enable the reader to follow the story intelligently. Making M. Stambuloff the centre figure, I have devoted my efforts to presenting a faithful picture of the man and of his deeds, and it may perhaps seem that due importance has scarcely been given to the roles of other actors. It would, however, be impracticable to enter into analyses of the actions, characters, and motives of all the leading men who are mentioned as colleagues or adversaries of M. (Typographical errors above are due to OCR software and dont occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
