

Pay day!: VanCleve Ball, a Jeffersonian Democrat discusses high taxes, Bureaucrats, Communism, Landon and Knox

The personality that inspired these letters (to his son in college) was a practical farmer born and reared on a north Missouri farm. His father was a Kentucky farmer and his grandfather a Virginia farmer. All three were faithful followers of Thomas Jefferson and loyal Americans. Much of the philosophy and attitude toward public questions reflected in these letters of VanCleve Ball are those of this Missouri farmer, personally and intimately known to the author. It is historically true that certain members of the Ball family of Fauquier County Virginia, bore arms against the king in the revolutionary struggle and were related by blood to Mary Ball, the mother of George Washington.
