

# The Unheralded: Men and Women of the Berlin Blockade and Airlift

In June 1948, the Soviet Union cruelly imposed a total blockade on Berlin's western sectors, forcing the United States and Great Britain to mount a gigantic airlift to keep the city alive. Through personal stories of those who were there in this greatest humanitarian undertaking in modern history, *The Unheralded* paints a vivid picture of what the Berlin blockade and airlift were really like.
