

UniverSoul Reflections

UniverSoul Reflections is a collection of 5 previously published works: A Nonentity With Identity, Epistles of Poetic Purity, Missives From Within, Silent Voice and Verses For The Next Generation and also includes 6 previously unpublished poems. Challenging, thought-provoking and moving, these poems were inspired by the authors day to day life experiences, from his humble beginnings in Zimbabwe to living in the USA and Europe. They raise awareness of maladies ravaging the lives of the poor and the corruption committed by elitist members of the big society, question racial bigotry and explore the current global political and social turbulence
